Dear Parents

Year 8 geography fieldwork day to Lulworth Cove

On Wednesday 6 June Year 8 will be visiting Lulworth Cove, Dorset. Students will be studying the coastal geography of this unique landscape, as well as assessing the impact of tourism on the area through a variety of fieldwork techniques. In addition, students will travel by coach to Durdle Door to see an example of a coastal arch and then walk back to Lulworth Cove along the coastal path.

We will travel by coach to Lulworth Cove at 8.45am prompt and will return to school at approximately 6pm. Students should wear clothes and footwear appropriate for fieldwork. It is important that they wear trousers and sturdy trainers or walking boots due to the uneven terrain. Please keep an eye on the weather forecast as waterproof clothing will be needed if it is likely to rain and sunscreen will be needed if it is a sunny day. A packed lunch will be provided but students will also need to bring their own bottle of drinking water. Students may wish to bring a small amount of money if they would like to purchase an ice cream later in the day.

The cost of this trip will be £15 which will be added to the school bill.

It is really important that we hold the very latest medical, dietary and parental contact information on all our students, especially for any external school visits. So if there are any amendments or additions, do please let us know. Thank you.

Yours faithfully

Ms Lucy Snowdon and Mrs Amber Tate
