4 May 2018

Dear Parents

Language Perfect World Championships for Year 8

We are entering your daughter for a competition called the Language Perfect World Championships. The competition takes place from Monday 21–Thursday 31 May 2018.

Each student has a unique account which tracks their progress as they learn vocabulary from any of the official languages. This is ideal practice for language competency and also for their upcoming Year 8 examinations.

They can earn points by correctly translating between their target language and English. These points enable the students to earn certificates and qualify for awards and prizes. More information can be found at the [Education Perfect World Series website](#).

Students will be given an individual login and can login from now to see how the programme works and have a practice. Class teachers will be ensuring the students have logged in at least once at school before the competition starts.

Participants can login as many times as they like over the ten day event, either at home or in school. A time limit of eight hours in any 24 hour period does apply. They do not need to be supervised by a teacher or parent while they compete and may compete either from a computer or using the apps for iPad/iPhone/android devices.

Please contact me if you have any questions.

Yours faithfully

Mrs L Probert
Head of MFL and Head of French
