

GCSE Results Information - Summer 2019

I hope you will be pleased with your results on **Thursday 22 August**. If you decide, after consultation with your teachers and taking into account how close your total mark is to the overall grade boundary, that a review of marking for a result is appropriate, this can be discussed at the beginning of term.

Please also note the following:

- a) Any review or appeal will require you to complete a consent form confirming that you understand that “**grades can go down as well as up**”.
- b) The final date for a review of marking request to be with the Exams Office is **Tuesday 17 September**.
- c) Please note we will need to receive payment by cash, cheque or BACS payment **from all leavers** before we can process your enquiry. All leavers please make sure you bring a cheque book if paying by cheque.

You will receive email confirmation of your request for a review of marking within 24 hours. If not, you must check with the Exams Office.

- d) Candidates can request that their **original scripts** be returned to them. Requests must be passed to the Exams Office by **Tuesday 24 September**.
- e) If you do decide to request original scripts, you must note that no review of marking is possible after making your application.
- f) The details and costs of scripts and reviews of marking (attached) will also be available on results day. Please note that Edexcel scripts are free of charge.
- g) Requests for review of marking and scripts can only be made through the school.

If you need any further guidance please contact the Exams Office.
