

## Pre-U Results Information - Summer 2019

I hope you will be pleased with your results on **Thursday 15 August**. It is very important to discuss a review of marking with the head of department as the Exam Boards have revised their advice on results enquiries. If you decide, after consultation with your teachers and taking into account how close your total mark is to the overall grade boundary, that a review of marking for a result is appropriate, you must note the following:

- a) Any review or appeal will require you to complete a **consent form** confirming that you understand that “**grades can go down as well as up**”.
- b) AS candidates can request access to a **photocopy** of their scripts prior to deciding whether to ask the centre to request a review of marking. Requests for photocopies must be passed to the Exams Office by **Wednesday 21 August - noon**. Photocopies will be available by Thursday 6 September.
- c) If you decide to have a review of marking, your request together with a completed consent form must be with the Exams Office by **Tuesday 17 September**. Anyone who requires a review of marking for AS Product design must do so via Abingdon School.
- d) Please note we will need to receive payment by **cash, cheque or BACS from all leavers** before we can process your enquiry. All leavers please make sure you bring a cheque book with you on results day if paying by cheque.

**You will receive email confirmation of your request for a review of marking within 24 hours. If not, you must check with the Exams Office.**

- e) Candidates can request that their **original scripts** be returned to them. Requests must be passed to the Exams Office by **Tuesday 24 September**.
- f) If you do decide to request your original script(s), you must note that no review of marking is possible after making your application.
- g) The **costs** of scripts and reviews of marking will be available on results day. Please note Edexcel scripts are free of charge.
- h) Requests for review of marking and scripts can only be made through the school.

If you need any further guidance please contact the Exams Office.
